

OBJECT LESSON OR KIDS SERMON

ITEMS NEEDED:

Binoculars

Binoculars are a simple but powerful invention. They enable us to see things far away as if they were up close. Binoculars can give us a closer look at our favorite artist in concert or our favorite team on the playing field. More importantly, they can help us see things that are far away when we travel. Binoculars give us a close up look at where we are going so we can be prepared when we get there.

That's why God sent prophets. Prophets carried messages to God's people. They warned them of coming judgment. They prepared God's people for things about to happen. And they told the people all about the Messiah who was coming to save them.

The prophets are one the biggest reasons we can trust the Bible is true. The prophets made many predictions about the Messiah. The prophet Micah even wrote down where he would be born.

Wise men listen to the Word of God. Only people who are unwise ignore what God says. We would all be wise to listen and obey the Bible.
